

# Stereotactic Radiosurgery

## Dedicated Team

A collaboration of the  
JMH Neuroscience Institute  
and JMH Cancer Institute  
Providing “best in class”  
treatment and care

- Multi-disciplinary team of neurosurgeons, radiation oncologists, physicists, radiologists, and nurse navigators
- Individualized treatment plans
- Dedicated Tumor Board to review all cases
- Ongoing communication with primary care physician throughout planning and treatment
- Treating a wide variety of brain and spinal tumors and malformations

- Integrated scanning, planning, and treatment with one system
- Precisely contours the radiation beam to tumor shape
- Delivers an optimal therapeutic dose as it moves around patient’s head
- Designed to target pathology and spare healthy tissue
- Efficient, frameless delivery maximizes patient comfort during treatments

To facilitate a patient referral contact our dedicated nurse navigator:

Darcel McClure , R.N., F.C.N.  
(925) 357-0893  
9:00 am – 5:00 pm

## Breakthrough Technology TrueBeam STx™

## Conditions treated:

- Primary brain tumor
- Brain metastases from breast, lung, prostate, melanoma, gynecologic and renal cancers
- Glioma
- Glioblastoma
- Meningioma
- Pituitary tumor
- Acoustic neuroma
- Spinal tumor
- Trigeminal neuralgia
- Arteriovenous malformation

## Our Current Tumor Board:

A multi-disciplinary team of medical experts who meet weekly to review and tackle complex cases. Provides access to expertise usually found only at academic medical centers. Referring physicians are welcome to attend and contribute at meetings.

### Neurosurgeons

Dr. G. Counelis, Medical Director,  
Brain Tumor and Neuro-Oncology Program

Dr. T. Chen, Medical Director, Neurosurgery

Dr. J. Cheng

Dr. G. Adey

### Radiation Oncologists

Dr. D. Chinn

Dr. M. Moini

Dr. V. Massullo

### Nurse Navigator

Ms. D. McClure, R.N., F.C.N.

### Dietician

### Medical Oncologists

### Neuropsychologists

### Neuroradiologist

### Pathologist

### Physicists

### Research Nursing Staff

### Social Worker

### Technology

### Administrative Staff

Dr. W. Bice, Chief Physicist and Director
